**REQUEST TO AMEND DRAWINGS**

Dear Sirs:

In the Office Action mailed May 21, 2003, the Examiner objected to certain of the Figures on grounds that metal terminals 24 do not show cross-hatching. Submitted herewith are proposed amendments to Figs. 1, 4, 8A, 8B, 9, 11, and 13. Cross-hatching to be added is shown by diagonal redlines on the exemplary metal terminals 24, traces 28, metal terminals 58, bond pads 36, bumps 86, and metal terminals 138. It is requested that the amendments be entered, and that the Examiner indicate the entry or non-entry of the amendments in the next action. Please direct any questions or comments to the undersigned at 408 451 5906. Papers may be sent by facsimile to 408 451 5908.
